## BOY SCOUTS TO HELP

JOIN IN NATION-WIDE CAMPAIGN TO SELL LIBERTY BONDS.

## MAKE PERSONAL CANVASS

**Second Class Scout Degree Conferred On Three At Enthusiastic Meeting Last Night.**

Under the slogan "Every Scout To Save A Soldier," the Boy Scouts of Maryville will take part in the nation-wide campaign to sell Liberty Loan bonds. Some twenty members of Troop I enlisted at a meeting last night to co-operate in the campaign that has been started in Nodaway county and for five days, from October 20 to 25, will follow a detailed program for the canvass. Every Scout who sells ten or more Liberty Bonds will receive from the United States government a war service emblem, besides competing for special gold and bronze medals offered by President Colin H. Livingstone, of Washington.

The national council has mapped out the campaign in detail and scoutmasters of every troop in the United States will direct the Scouts in the work. The local troop is in receipt of manuals for the selling campaign together with application blanks and other literature.

President Woodrow Wilson, in a personal letter to Mr. Livingstone, president of the Boy Scouts of America, says:

"Another opportunity has developed for the members of the Boy Scouts of America to help our country. The second Liberty Loan bond issue must be subscribed for in such a way as to show the firm resolution of our people in the present war***** My earnest wish is that every scout leader give every Boy Scout an opportunity to take a definite part in this practical method of giving expression to his scout obligation of service to our country."

The President will present, it is announced, a United States flag to the troop selling the most Liberty Loan bonds. In the campaign for the first issue of Liberty bonds, Boy Scouts by their own individual effort secured subscriptions aggregating $23,000,000, representing 152,000 individual subscribers.

At the meeting last night three Scouts, Francis Burris and Floyd Cook of Maryville and James Graham of Clyde, were invested with the rank of second class Scout, having passed the tests required. The local citizens scout committee, G. B. Roseberry, Henry Westfall and Rev. C. Emerson Miller together with a number of parents of the Scouts saw the degrees conferred, after which the Scouts gave an exhibition drill.

A walnut gathering trip has been planned, the walnuts to be sold and the money turned into the Troop fund. Every boy in Maryville over twelve years of age is invited to become a member of the organization. Applications for membership may be had of any Scout.

## ENROLLMENTS REACH 750

**Exhibitors at County Corn Show in November Will Pass the Record —P. G. Holden Coming.**

The enrollment of exhibitors for the big county corn show and domestic science exhibit November 1-3 at the Normal school is being increased with each days' mail that comes to the office of Superintendent Bert Cooper, the number now enrolled being over 750.

Mr. Cooper is in receipt of definite word from the agricultural extension department of the International Harvester Co., at Chicago that Mr. P. G. Holden, acknowledged the greatest corn expert in the world, will be here during the show for two days, November 2 and 3.

## BAKED "WAR BREAD"

A GOVERNMENT FOOD EXPERT GIVES DEMONSTRATIONS HERE.

## MEN SAID IT WAS FINE

**Visits Were Made at Highland and Knabb Schools and This Afternoon at Methodist Church.**

The women of Nodaway county are becoming interested in "war bread" and other conservation ideas that promise practical methods of saving. Miss Leta Gray, government food expert started the movement with a demonstration yesterday afternoon at Highland school, baking war bread and giving her audience some pointers on canning. The entire process was shown, Miss Gray mixing the yeast, selecting the proportions of wheat and other flour and ingredients and doing the baking. The operation from start to finish occupied most of the afternoon with talks during intervals by Miss Gray and questions from the women present. The men, too, showed their interest by their presence, besides putting their stamp of approval on the war bread after it was baked—they pronounced it fine.

Arrangements for the demonstration were made by Miss Rose Shinabargar, teacher at Highland and a large number of school patrons from over the district were there.

In the evening Miss Gray went to Knabb school, where she gave an interesting lecture on food values to a good sized audience composed mostly of women.

This afternoon Miss Gray gave a demonstration of war bread baking at the First Methodist church, repeating the process shown at Highland school. Many women from both city and country were in attendance to learn how the new bread was made and what it looked and tasted like. Without exception, almost, the women declared that it was of good flavor and were convinced of its healthfulness and nutrition. So, war bread looks as though it was here to stay, at least for the period of the war.

## SECOND CALL SOON

FIRST DRAFT OF 687,000 MEN IS NOT LARGE ENOUGH.

## THE CAUSES FOR DELAY

**National Army Men Taken to Fill Out Guard Units—Call May Come in December or January.**

Washington, Oct. 13.—Discussion of the advisability of expediting the call for the second increment of the army now is in progress at the war department and it appears likely that the date may be fixed for some time in December or January.

Mobilization of the first increment of 687,000 men is now far enough advanced to show clearly that there will be a big deficiency for the seventeen National army divisions. More than 250,000 of the first increment are still to be assembled, but it already is evident that there will be available at the sixteen cantonments quarters for an additional regiment at each post and at some for a full brigade of two regiments.

The strength of the new regimental organization is 3,600 men. With a regiment lacking at each cantonment, this alone would mean a shortage of nearly 50,000 men. In addition there has been authorized a separate division of negro troops, which means nearly 30,000 men withdrawn from the original number assigned to the sixteen cantonments.

The shortage is due partially to the necessity of taking out of National army men to fill up national guard divisions.

Drafts on the National army forces also must be made to fill up the enlisted personnel of the aviation service battalions needed behind the fighting lines. Eventually there will be 250,000 men in the last named service alone and aviation and the medical service will take nearly as many more though not all of them will be taken from the National army.

Operating to delay the calling out of the second increment to make good these shortages are several factors. Clothing and equipment is coming forward only at the rate that can meet the demands of the forces already called, and the railroads have been overburdened with moving the armies and its necessities without hindering freight shipments vital to the Allies.

Fixing the date of the call for the second increment probably hinges also upon the careful study being made by Provost Marshal General Crowder and his assistants of the results of the plan followed in assembling the men called first.

## 5 ACCEPTED FOR SERVICE

**Western Draft Board Upholds Local Board in Four Out of Five Appeals Made.**

The Western District Draft Appeal Board, according to today's Kansas City Times has certified for service five Nodaway county men as follows:

A. G. Craig, Maryville.
E. R. Owens, Burlington Junction.
W. T. Lawrence, Clearmont.
C. H. Kling, Barnard.
G. M. Welling, Maryville.

Four of the men, Craig, Lawrence, King and Welling having been accepted by the local board appealed to the Western board. E. R. Owens, of Burlington Junction was exempted by the local board, following the filing of affidavits that he had a dependent family and also on investigation that claims made by his wife and others were reasonable and just. Owens was a contractor with three small children. Members of the local board have since learned that Owens has practically abandoned his wife and family, leaving them to the care of relatives.

**William Jewell Beat Tarkio.**

Liberty, Mo., Oct. 13.—William Jewell smothered Tarkio here yesterday afternoon in the opening game of the season, 40 to 0. The Cardinals completely outclassed the up-staters in every department, making first downs twenty-four times and smashing the Purple line at will, scoring five touchdowns in the first half of the contest.

**Hospital Supply Plant Destroyed.**

New York, Oct. 13.—Fire believed to have been caused by spontaneous combustion and which was followed by several explosions, early today destroyed the large plant of the British-American Chemical company, manufacturing hospital supplies.

## 6 SCHOOLS HAD PART

ENTERTAINED LAST NIGHT AT BLOOMDALE WITH PROGRAM.

## WAS COMMUNITY AFFAIR

**Nearly Two Hundred Patrons, Teachers and Pupils Enjoyed Box Supper That Followed.**

Pupils, teachers and patrons from six school districts gathered at Bloomdale school, four miles east of Pickering last night to be entertained by a community school program and to enjoy a box supper, nearly two hundred persons being present. The schools taking part in the program were Bloomdale, Long Branch, Myrtle Tree, Mozingo Valley, Excelsior and Mowry, each contributing to an interesting program as follows:

Bloomdale school (Miss Essie Ward, teacher).

Dialogue—"The Spelling Class."

Song—"The Little Boy in Blue," the Sharr Sisters.

Dialogue—"Friday Afternoon Compositions."

Patriotic exercise in honor of Columbus Day.

Myrtle Tree School (Miss Katie Calvert, teacher):

Recitation—"Little Orphant Annie," Cecile Wiley.

Song—"Lazy Scholar," Three girls.

Recitation—"Poor Little Cat," Iola Dowden.

Mowry School (A. G. Dempster teacher):

Dialogue — "Reading the News," Roland Richard and Lester Hinton.

Excelsior School (Miss Blanche Bloomfield, teacher):

Selection, Excelsior Band.

Mozingo Valley (Miss Nettie Howard, teacher):

Represented by a recitation.

Long Branch School (Miss Elva Heflin, teacher):

One of the pupils delivered an essay on "Boys."

Reading, "The Death Dice," Miss Dorothy Hinton of Maryville.

The object of the meeting was for the purpose of further development of the community spirit of co-operation and to get acquainted with each other and learn about the work of the various schools. Superintendent Bert Cooper was present and gave a brief talk.

Following the program Leland McKee auctioned the supper boxes that were brought, a nice sum being realized from their sale and a splendid social time was spent for the remainder of the evening.

## F. P. ROBINSON APPOINTED

**Is Named by Food Director Hoover on County Committee For Food Conservation.**

Fred P. Robinson is in receipt of the following telegram from Food Dictator Hoover:

"Washington, D. C.—Fred P. Robinson. I take pleasure in appointing you to membership on the county committee for food conservation. Please accept this appointment with my best wishes for Missouri in this important undertaking. Herbert Hoover."

Mr. Robinson is not sure whether the appointment is in advance of appointments to be made for a county board as stated in the telegram, or whether it is intended as an appointment to head such a body that may be formed. Mr. Robinson is awaiting further advice.

## A LETTER OF APPRECIATION

**Francis M. Popham Thanks Maryville Folks On Behalf of Boys in the Third Contingent.**

Francis M. Popham, son of Mr. and Mrs. W. H. Popham, of Skidmore, a member of the third Nodaway county contingent to Camp Funston writes the Democrat-Forum as follows:

"Camp Funston, Kan., Oct. 6, 1917.

"Editor Democrat-Forum:

"I am writing to thank the ladies of Maryville for their many kindnesses shown the boys who left for camp, October 3, and for the nice dinner, lunch, and handy kit given us.

"The remarks of the ministers were appreciated by all of the boys and I wish to thank them in their behalf. Camp life is new for most of us but the other boys say we will like it just fine as soon as we get used to it. Some of us—myself for one—still feel the effects of the vaccination.

"Francis M. Popham, Co. I, 356th Inf., Camp Funston, Kan."

## ANOTHER PEACE PLEA

## TWO TEAMS GO DOWN

NORMALS LOST TO IOWA, 30-7—HIGHS TO CHILLICOTHE 25-0.

## NORMAL DOPE IS UPSET

**Played Strong in Second Half When Pickens Brought Out His Pep—M. H. S.'s Made Good Showing.**

Two drubbings in one day for Maryville football teams! While the Normal eleven, playing on the home field, was taking a 30-7 defeat at the hands of the underestimated Graceland College team of Lamoni, Iowa, the High school team was beaten at Chillicothe by the high school eleven of that place. The score in the high school game was 25-0.

**The High School Game.**

The High school's defeat at Chillicothe was not so bad as the score indicates. The score was 6-0 until near the end of the game when both Egley and Kemp were hurt and forced to leave the game. Chillicothe then ran up their total to 25. Under the conditions Coach Schultz is well satisfied with the showing of the men.

**The Normal Game.**

The Normal team was doped to win; a defeat was not thought of. The score of last year's game when the second team of the Normal played Graceland to a 7-7 tie, together with the improved showing of the Normal team in practice, seemed to justify that conclusion.

It took only a minute of play, however, to show that a mistake had been made in picking the Iowa school as a soft one. Graceland played mid-season football. In the first half they uncorked a variety of end runs, cross bucks, line shifts and fake plays that overwhelmed the spiritless "Bearcats."

The Saints' attack was built around Shipman, a native Hawaiian. Shipman showed to best advantage in wide end runs behind almost perfect interference. Feldhahn and Hopkins were also ground gainers.

Graceland's first touchdown was made in the first quarter after end runs by Shipman and Feldhahn. Shipman's attempt at goal went wide. More end runs and a cross buck or two gave them another touchdown before the end of the quarter. Shipman kicked goal. The quarter ended with the score Graceland 13, Maryville 0.

There were no touchdowns in the second quarter but Shipman dropkicked a goal from the twenty-yard line. This made the score 16-0. Graceland was repeatedly penalized in the first two quarters, for holding and once for slugging. The Bearcats evidently tame after a year's captivity, failed to make a single first down.

After a severe dressing down by Coach Palfreyman, the Normalites came back strong at the opening of the second half. They opened up with forward passes and within ten minutes had a touchdown to their credit.

## UNION TWP. EXHIBIT

AGRICULTURAL AND DOMESTIC SCIENCE SHOW OCTOBER 27.

## GIVE $25 IN CASH PRIZES

**Will Be Held at Pickering School and All Schools in Township Will Have Displays.**

Union township has announced their agricultural and domestic science exhibit at the Pickering High school for Saturday, October 27, with cash prizes aggregating $25. Special prizes are offered in a sweepstakes class for boys from eight to twenty years old for the best ten ears of corn. Other special prizes are for the largest number of exhibitors from any rural school in Union township and the best exhibit as a school.

Rules governing corn exhibits are as follows:

"No contestant shall be under 8 nor over 20 years of age, unless otherwise stated.

"No contestant shall enter more than one exhibit in any class.

"All exhibits must be grown during the year 1917.

"All corn entered becomes the property of the association to be sold at auction. (Prize winning exhibits to be sold with the understanding that they may be shown by the Nodaway County association).

Rules governing domestic science exhibits are as follows:

"No contestant shall be under 8 nor over 20 years of age.

"Each contestant must make the article she exhibits.

"No contestant shall be permitted to enter more than one exhibit for each class.

"All exhibits of sewing will be returned to the owners. Cooking and canned goods become the property of the association."

There are also classes for various grains and seeds, garden produce and fruits. The executive committee in charge of the exhibit is: Hubert Garrett, Alma Mack, Mabel Null and Eva Frost.

**To Spend Sunday at Camp Funston.**

Mr. and Mrs. Frank Dinsmore and daughters, Miss Neva, and Mrs. John Gregory, and Miss Ella O'Grady left today in the Dinsmore car, for Camp Funston, where they will visit over Sunday with Mrs. Gregory's husband, and Miss O'Grady's brother, Ray and other Maryville boys who are in camp.

## A NEW CHANCELLOR?

GERMAN REICHSTAG MAY HAVE NEW LEADER, IS RUMOR.

## HEAD OF MARINE QUITS

**British Remain in Undisputed Possession of Ground Taken Yesterday —Germans Demoralized.**

Special to The Democrat-Forum.

Amsterdam, Oct. 13.—A sensational report is in circulation that Germany will have a new Chancellor by the time the Reichstag convenes on December 5. The rumor is evidently based on a dispatch from Berlin quoting the Taggeblatt, saying that another chancellorship crisis is imminent. Vice-Admiral Eduard von Capelle, the German Minister of Marine has resigned, following the plot discovered in the navy to paralyze the efficiency of the fleet and force the government to make peace.

London, Oct. 13.—A dispatch to the Exchange Telegraph from Amsterdam says the Rheinische Westfalische Zeitung understands the German Socialists have informed Chancellor Michaelis that they will not vote for the desired credits unless he resigns.

London, Oct. 13.—The British remain in undisputed possession of the ground gained yesterday west of Flanders, the war office announced today. There have been no German counter attacks made. A lull in the fighting gave the British an opportunity to strengthen conditions. Bad weather and demorilization both contributed to the inability of the Germans to strike back.

## BROTHER PAID THE BILL

**James and Fred Keller Were Having A High Time at Kansas City When They Were Arrested.**

Special to The Democrat-Forum.

Kansas City, Oct. 13.—James Keller, of Emporia, Kan., and Fred W. Keller of Wichita, Kan., who were emulated "Coal Oil Johnnie," admitted after being arrested here today for passing checks aggregating $2,300 at a leading hotel, that they had squandered between ten and fifteen thousand dollars in the week here before cashing checks. They were released when a brother with an income of $20,000 a month arrived and settled all of the indebtedness.

**PIERSOL DENIES KIDNAPPING.**

**Keet Suspect On Trial Implicates "Scarface" Charlie, Who Disappears.**

Special to The Democrat-Forum.

Marshfield, Mo., Oct. 13.—Denying any connection with the Keet kidnapping case, Claude Piersol testified in his own behalf today. Piersol implicated the mysterious "Scarface" Charlie, who disappeared after the arrest of the suspects. A nation-wide search failed to reveal his whereabouts. Piersol is the last witness and it is thought the case will go to the jury by Monday.

**Big Wheat Cargo Destroyed.**

Special to The Democrat-Forum.

New York, Oct. 13.—Approximately half a million bushels of wheat destined for the Allies was ruined in a spectacular fire which destroyed two grain towers of the Dows Warehouse in Brooklyn. Spontaneous combustion is believed to have been the cause.

**French Steamer Lost.**

Special to The Democrat-Forum.

London, Oct. 13.—The French steamship Hirondelle was sunk in the English channel today when she struck a rock. The boat containing seven men is missing.

## A FARMER'S MONEY

**They Are Missing Opportunity For Real Service If They Do Not Buy Liberty Bonds.**

(By B. W. Snow).

No class of Americans are more vitally interested in the curbing of Germany's ambition for world domination that are the farmers. The Pan-German purpose is industrial as well as political control of the world, and that means, if successful, that American industries will be smothered and America become simply a producer of raw material for the support of a German world-wide industrial supremacy. The decay of our manufacturing center means the destruction of home market for farm products and the dependence of our farmers upon German workmen as consumers of what we grow.

American farmers are doing great work in helping win the war by their increased production of food, but this big as it is, is not enough. They are overlooking an equally great opportunity for real service and one that at the same time means personal profit to them. The farmer understands what hard work is, but he is not experienced in making his money work for him as hard as he works himself.

Country banks are full of farmers' money, merely lying there on deposit and actually working for the banker who holds it instead of for the farmer who owns it. The issuance of a new Liberty Loan is an opportunity for the farmer to put his money where it is safer even than when it is lying in a bank and where he himself gets all that it earns. If he is compelled to sell the bond he can do that as easily and as promptly as he could write a check; or if he only wants part of the investment money for a short time, he can borrow at any time for any bank, using it as collateral and drawing interest on it at the same time that he is paying interest for his short loan.

The new loan will be in bonds of small enough size so that the wife and the children can invest their small savings and have them earning as much as a wealthy neighbor is getting for his large sums. There is no better way of teaching thrift and business to young people on the farm than by having them buy a Liberty Bond out of their savings.

In short, all farmers should subscribe to the Liberty Loan not only as a patriotic duty to help keep America free, but as a business proposition to keep their money working where they will get all that it earns and at the same time be absolutely safe.

## HOOVER NAMES MISSOURIAN

**Dean Mumford, of Columbia, is Appointed Food Administrator For the State.**

Columbia, Mo., Oct. 13.—Besides being chairman of the Missouri Council of Defense, Dean F. B. Mumford of the College of Agriculture of the University of Missouri, will be food administrator for the state of Missouri, according to a dispatch received from Washington last week. His nomination is said to have been sent to the White House by Herbert Hoover, national food administrator. Governor Gardner is understood to have recommended Dean Mumford to Mr. Hoover. There is also a possibility that Dean Mumford will be made administrator of fuel for the state.

Mr. and Mrs. George Rosey of Junction City, Kan., are guests of Mr. and Mrs. D. E. Coffman of Maryville. Mr. Rosey will return home tomorrow, but Mrs. Rosey will remain for a longer visit.

Mrs. W. A. Miller and two daughters, Harriet and Vivian, and Miss Ruth Miller will visit over Sunday in Guilford with relatives.

## GUARD UP TO WAR STRENGTH

**Order Issued to Transfer Men From New National Army to Fill Up the Gaps.**

Special to The Democrat-Forum.

Washington, Oct. 13.—The National Guard, now federalized will be brought up to full war strength at once, the war department today having ordered approximately thirty thousand transfers of men from the National army to fill vacancies in the guard. Before the movement is complete thirty thousand men of the National army will be affected and the guard will have been made ready for early service "over there." Simultaneously the secretary of war has ordered the transfer of selected men to fill gaps in the camps at Atlanta and Little Rock caused by a redistribution of negroes from these camps.

## STATE ODD FELLOWS ELECT

**Grand Encampment Will Meet Next Year At Springfield—T. W. Vernon, Grand Scribe.**

Fulton, Mo., Oct. 13.—The Grand encampment of Missouri Odd Fellows voted to hold the 1918 meeting in Springfield. Eight delegates were out for grand junior warden, first step in elevation to higher offices, the place going to Joe E. Davis of Carthage. Other officers elected: Grand patriarch, H. G. Fisher, Liberty; high priest, E. W. Ousley, St. James; senior warden, G. W. Vernon, Dexter; grand scribe, A. T. Hudelstone, Louisiana; treasurer, H. A. Hamilton, St. Louis; marshal, Otto H. Woltz, Fulton; inside sentinel, William Steward, Cameron; outside sentinel, J. H. Barnes, Chillicothe.

Representatives to sovereign grand lodge at St. Louis, W. S. Wheeler, Kansas City, and A. T. Hudelstone, Louisiana.

## MRS. RUSH IN WELFARE WORK.

**Former Maryville Woman Selected By St. Joseph Executive Board.**

Mrs. A. E. Rush, of St. Joseph, who will be remembered by many residents in Maryville, has been selected by the members of the welfare board of St. Joseph for executive secretary of the board. The St. Joseph News-Press says of her selection:

"A majority of the members of the welfare board have selected Mrs. A. E. Rush for executive secretary of the board, to succeed W. A. Crossland, in the event it is found that he will be engaged six months or longer in the army recreational work. Mrs. Rush is now a member of the welfare board and has announced that she would accept the position on condition that she be reappointed a member of the board upon Crossland's return, if he should come back soon."

Mrs. Rush was Miss Della Perry before marriage and was a former resident of Maryville. She is a sister-in-law of Mrs. Hal Hooker.

W. G. A. Edwards visited yesterday with his father, William Edwards of near Hopkins.

Frank Dysart of Savannah and A. S. Clark of St. Joseph were in Maryville yesterday on business.

## PLEADS GUILTY TO ASSAULT

**Henry Moore Pays Fine of $100 for Striking John Jackson—Gene Hadden Acquitted by Jury.**

Henry Moore, charged with assault with intent to kill failed to go before a jury in circuit court this morning, having been allowed to plead guilty to a charge to do great bodily harm. He was fined $100, which he paid. Moore made an assault with a shovel on John Jackson of Ravenwood, who had been engaged to build a bridge near the former's place. Jackson, in warding off the blow aimed at his head, received it on the arm. It was not learned what the provocation, if any there was, for the attack.

Gene Hadden of Burlington Junction, charged with selling booze was found not guilty by a jury late yesterday afternoon, the jury being composed of: William Davenport, Fred Wright, W. W. Alexander, Frank Johnston, Charles Eckert, George Goff, Lee Carpenter, Frank Morin, C. C. Nelson, Alfred Sturm, George Wray and Lou Rogers.

The case was tried at the April term and resulted in a hung jury.

The Hartford Fire Insurance Co., through its attorneys filed a motion for a new trial this morning following the verdict in favor of Geo. W. Smith to recover damages from a fire.

**To Help "Aunt Betsy."**

Aunt Betsy Robinson went to Savannah this morning accompanied by Judge Pleas Schmidt, where she will be examined by Dr. Nicholls, a cancer expert with a view to giving her some relief from the affliction. If Dr. Nicholls is of the opinion he can help her, Judge Schmidt will endeavor to see that she has attention, having assurance from a number of court house officials and attaches that aid will be forthcoming.

## THE BEST CORN IN 15 YEARS

**State's Crop Report Just Issued is Best of Year —Approximate Yield of 284,000,000 Bushels.**

Special to The Democrat-Forum.

Jefferson City, Oct. 13.—Missouri's official crop report for October was issued today and is the best of the year. The 1917 corn crop is safe from frost and the best raised in the state for fifteen years. It is estimated the yield will be 284,000,000 bushels. More wheat has been sown in corn fields than ever before. Other crops show a like average and the conditions all over the state are extremely gratifying.

Our lady representative will call at your home to show you what Calumet Baking Powder will do for you and why it is called the cook's best friend.

The demonstration and test she will make are interesting and instructive. The test is not a comparative test of the strength of different baking powders because the water glass test does not show the strength of baking powder that does not contain white of egg. The test will, however, show the superiority of Calumet in other respects and prove why it has solved all baking problems in millions of homes. Calumet is not only the best leavening agent possible to make, but it is sold at a popular price and is therefore an important factor in reducing the high cost of living.

Calumet is manufactured in the largest, finest and most sanitary baking powder plant in the world, by experts who make nothing but baking powder. Calumet received the highest awards for purity and efficiency at the world's greatest pure food expositions at Chicago in 1907, and at Paris, France, in 1912. Calumet contains only such ingredients as have been officially approved by the United States Food Authorities.

Calumet is guaranteed to be Pure in the Can and Pure in the Baking. Try Calumet once at our risk. Your money back without question if it isn't the best baking powder you ever used.

## Women In The War

By G. KAY SPENCER

**Alexandra Kokovtsova.**

A gray day in Austrian Poland. All through a weary, wet, rain-blown day the gray armies of Russian peasants have been wading through seas of mud and entering a dripping wood. An Austrian observation balloon is suddenly released to one hundred feet on the opposite border of the woodland. A novice in the carriage would have observed a startling view of the situation. Like children following a pied piper, the mole-like armies of Russia advance into the far side. Nowhere can they be seen to emerge; on the contrary, other armies are entering from the Austrian side of the forest.

Yes, those men are going into an inferno that Dante could never imagine. They are meeting in there "somewhere," fighting, dying and being ground into the moss and mud to make a firmer footing for the living to continue the holocaust. Heavy peasant fingers clutching inches deep into the jowls and flesh of enemy; peasant necks and angry steel darting and parrying on its way to the life centers of humans.

The guns of both sides have been intermittently shelling the woods and the forest is gradually becoming shorn of leaves and branches and takes on the aspect of midwinter or the debris of a particularly severe forest fire.

Late in the afternoon a Ural Cossack regiment is dismounted and ordered into the melee.

Colonel Alexandra Kokovtsova was enlisted in that regiment. She remembered going into that hell, and of killing several blundering foemen with her revolver in the tangled maze of steel and splintered boughs. But of anything her senses experienced after the top of hell was blown off before her, there is no vestige remaining in her memory.

After months in military sanitariums she was eventually strong enough to talk of herself. She had enlisted under an assumed name in this Ural Cossack regiment. Her husband before her had belonged to this regiment, which had fought through the Russo-Japanese war. After having been wounded twice in the East Prussian campaigns, she showed such extraordinary courage that she was recommended to be promoted to become a colonel, although her sex had been found out, and as a colonel she has served ever since. Her soldiers are devoted to her and none of them can sit astride a horse with more ease than she or endure longer hours in the saddle. She was born in the Ural Mountains and spent most of her life in the open.

Alexandra Kokovtsova is only one of innumerable Russian women who have become brilliant examples of the feminine fighting qualities when once aroused to action.

The former Grand Duke Nicholas admitted women to the ranks in various regiments from the beginning, so it is announced now, and there was no necessity of concealing their sex if they were willing to be assigned to duties in the transport and commissary. But, accepting those restrictions, they nevertheless rushed forward and filled up the gaps when they noticed the men falling. They were afterwards allowed to retain their positions won so bravely.

Numbers of them have been promoted and have become full-fledged officers, and others have been decorated for gallantry with the military Cross of St. George. The youngest, perhaps, is an eighteen-year-old Vilna school girl, Kira Bashkirowa, who enlisted under the name of Nicholas Popin. She had her feet frozen, but continued fighting until she was wounded and taken to the field hospital, where it was discovered that she was a woman.

As Russia was the first country where women were given control over their inherited property, and as Petrograd has had for some years the largest medical college for women in Europe, it is not strange that women have taken such active part in the military campaigns. In all the revolutionary movements the women students have been more dangerous perhaps, to the government, than the men. It is believed that the majority of the women amazons are revolutionists and that their military experience was sought for the opportunity it gave them to spread their doctrine.

## Missouri Lays the Golden Egg of the Nation

THE cackle of the Missouri hen is louder than the bray of the Missouri mule and both are heard around the world. It is a $100,000,000 a year cackle.

Missouri hens lay enough eggs to feed 24 eggs to each man, woman and child in our country; and if the eggs were placed end to end, they would ring the earth with three bands of white.

Goodrich with its annual output of 4000 different rubber products could ring the earth with many a band of rubber.

## TWO TEAMS GO DOWN

(Continued from page 1.)

Richards made the touchdown and Miller kicked the goal. Score: Graceland 16, Maryville 7.

Maryville really outplayed their opponents in this half. The interference on Graceland's end runs was broken up and they made only three first downs while Maryville made distance eight times. Three forward passes to Shilt averaged twenty yards while one to Neal made 15 yards.

Both Graceland's touchdowns in the second half were unearned. The first was made when Miller dropped a was made when Miller dropped a punt on his own forty yard line and a Graceland man picked up the ball and raced over the line for a touchdown. The second came when Pickens dropped the ball after a brilliant thirty yard run on the kickoff.

The game was the roughest that has been played here. Richards and H. Sawyers will probably be out of the game for some time, while seven other Maryville men, including Captain Hahn, received minor injuries. Feldhahn of Graceland received a sprained ankle and was forced to leave the game.

The Maryville ends, Shilt and Neal, and Brown, center, played well all through the game. Daniels starred in the time that he played, and Pickens put pep into the team when he was substituted for Miller.

The line-up:

| Maryville | Position | Graceland |
|---|---|---|
| Neal | L. E. | Dempsey |
| Hahn | L. T. | Hendarks |
| Nicholls | L. G. | F. Smith |
| Brown | C. | Hartschen |
| Hartman | R. G. | Jones |
| Wells | R. T. | Carmichael |
| Shilt | R. E. | Dillon |
| Miller | Q. | Hopkins |
| C. Sawyers | R. H. | Shipman |
| H. Sawyers | S. H. | Feldhahn |
| Richards | F. B. | C. Smith |

Officials: Walter Wray, referee; C. H. Belting, umpire; L. E. Ziegler, head linesman.

Substitutions: Maryville, Daniels for Sawyers, Hartley for Hahn, Lawton for Hartman, Pickens for Miller. Graceland: Lambert for Feldhahn, Hedrick for Jones, France for Gibson.

## "THE ROYAL PAUPER"

**Next Picture at Christian Church A Delightful Fairy Story.**

"The Royal Pauper," the second picture in the Christian church lyceum course will be shown next Tuesday night. It is a quaint story of a little poorhouse girl whose beautiful dreams come true. In the cast are Francine Larrimore, Nellie Grant and Helen Strickland and other well known screen artists.

Holding court in Fairyland, amid the grim realities of the Poorhouse, is Irene, "The Princess." One day her dreams come true, through the intervention of "the fairy god-mother" Mrs. Chandler, wife of a manufacturer, who adopts the little waif. Then wonderful things begin to happen, and finally there is a great strike in Irene's foster father's mill. Out of the turmoil comes a young workman whom she instantly recognizes as her "Prince Charming," and who triumphs over the wicked suitor that the little princess had begun to hate. The good fairies overcome the evil spirits, and our little sovereign, her prince and the fairy god-parents live happily ever after.

Harold Seleeman of Ottumwa, Ia., who has been visiting his mother in Maryville, will return tomorrow evening to his home.

Mr. and Mrs. C. A. McCoppin went to Bolckow this morning to visit over Sunday with relatives.

Rev. W. C. Ferguson state secretary of William Jewell college, will talk Sunday morning at the Baptist church.

# FOOD CONTROL TO BE ABSOLUTE

Washington, Oct. 13.—Government food control will be absolute after November 1. Food Administrator Hoover is putting the finishing touches on a proclamation shortly to be issued by President Wilson which will provide for licensing dealers in about twenty prime necessities of life.

The "slackers in business" will be rounded up by the coming executive order, according to Hoover. Regulations will be issued, checking speculation in foodstuffs and preventing hoarding, waste and restriction of output.

"Unfair and unreasonable" profits will be eliminated.

Among the commodities to be placed under control are flour, bread, meats, potatoes, sugar, milk, butter and dairy products, rice, canned foods and staple vegetables.

Although regulation of retailers is limited by law to those doing a business of $100,000 or more annually, Hoover expects to exercise indirect control even over the smallest corner grocery through his hold on meat packers, cold storage houses, millers, canners, elevators, grain dealers and wholesalers.

After November 1, no unlicensed dealer may handle the commodities to be named by Hoover. Regular reports from licensed firms will enable the food administration to keep a strong hold on them.

A legal department has been created to punish violations and interpret the law.

The licensing plan resulted from more than 200 conferences with leaders in all lines of trade and has their approval.

"No business factor performing a useful function," will be interfered with, according to Hoover. Elimination of some unnecessary middlemen may result from Hoover's determination to keep foodstuffs flowing from producer to consumer "in direct lines in as economical a manner as possible."

**Population Congestion.**

According to the most reliable estimates the population of our globe in 1913 was 1,631,517,000. Two-thirds of this total (Europe, 448,000,000; India, 302,000,000; China proper, 326,000,000; Japan, without dependencies, 52,000,000) are concentrated upon less than one-seventh of the earth's surface.

The eight largest cities of Japan (1913) are: Tokyo, 2,100,000 inhabitants; Osaka, 1,226,000; Kioto, 442,000; Yokohama, 394,000; Nagoya, 378,000; Kobe, 378,000; Nagasaki, 176,000; and Hirosima, 143,000.

Korea, whose population was not exactly known before its annexation to Japan, had, in 1913, a population of 15,458,000.

# "Advertising to Beat the Devil"

*That is the way A. E. Chamberlain of Chicago introduced the Rev. William E. Barton to an audience. The Rev. Barton's church uses "Advertising to Beat the Devil." He increased the Sunday evening attendance from 100 to 1100 in a short time through newspaper advertising.*

By advertising the Rev. Aquilla Webb, pastor of the Warren Memorial Presbyterian church, Louisville, Ky., increased the Sunday evening attendance from 100 to 800 in four weeks. The second Sunday night of the campaign the attendance was 300; on the third Sunday, five hundred; and on the fourth, eight hundred.

Rabbi Joseph Cornfield, Columbus, Ohio, recently said, "Why newspapers should run so much advertising for which they make no charge, I cannot understand. I refer, for instance, to the advertising of churches and entertainments. I believe that they have a legitimate right to charge for all notices of entainments and church notices. I don't see why they should print church notices for nothing."

The Rev. Samuel G. Neil, American Baptist Publication Society, has said, "Mix Brains with Printer's Ink and get the right results. Use your brains, turn out good copy, place it in newspapers that reach the people, and when they come to your church, deliver the goods. The proof of work is when a visitor comes the second time."

The Rev. Christian F. Reisner, D. D., has built up an enormous church in New York City through advertising. He is considered among the few authorities on church advertising and has written a book upon it. "The lives of great men all remind us that we will, if we are wise, put our modesty behind us and get out and advertise," he says, "George Jackson in one of his books says that the miracles of Jesus were the church bells used by His disciples to draw an audience to hear Him preach."

One Sunday, the Rev. Walter E. Burnett of the Franklin Street Methodist Church, Johnstown, Pa., handed this slip to the people as they passed out, "Is It Ever Right to Lie?" Then an instance was given. The minister said that he would answer the question next Sunday. During the week he used newspaper advertising to follow the announcement up. Although it rained, the church was crowded to such an extent that the ushers used every available chair. Now he has an attendance of 1800 at the services.

*These few instances are given to show that advertising will build up churches as well as business firms. Many Maryville churches have begun a new year's work and others are approaching the beginning of a new year. In the next year's budget no mistake can be made by making an appropriation for the different kinds of advertsing—bulletin, poster, direct-by-mail, newspaper, etc. The live business men succeed through advertising. Likewise, the churches can increase their power and efficiency in the oommunity.*
